

DIRECTORS OF ALL-PANHANDLE SCHOOL FAIR WILL MEET WITH EXECUTIVE COMMITTEE SATURDAY

A meeting of the board of directors of the All-Panhandle School Fair has been called to confer with the executive committee of this project in the District Court room at Amarillo at 2 p. m. Saturday, January 6. The purpose of this meeting is to formulate plans for the fair and to so organize the movement as to insure its success. One person from each county is selected or appointed by the county judge or the teachers of his county to act as director, but the executive committee has asked that county judges and county superintendents shall attend this meeting and get the work fully in hand in order to further it.

The time for this is short and it is imperative that every county send its representation here at that time. Miss Anna Hamner, in charge, said Saturday. "The committee wishes the cooperation of the entire Panhandle in the work. It is hoped that this meeting will draw immediate attention

and that more men from the several counties be present," she added.

Since it happens that in the forenoon of this day Superintendent McLean of the city schools is holding an important meeting for teachers and school officials, it has been decided to meet in each permanent address of the school Fair. Satisfaction is indicated to be present at the meeting, during the early afternoon, the educational program of "Garrison Boys." It is of vital importance to the entire Panhandle that a thorough understanding of their business be gained in order that those interested in eliminating vice and infidelity by confounding with the executive, Miss Hamner pointed out.

The announcement of Potter County has sent out an invitation to the trustees and teachers of the county to meet at the superintendent's office and to attend this educational meeting in a body.
